

School and Martin Luther King, Jr. Elementary School, makes no sense. Further, the land area subject to Sabal's proposed plan can best be described as one of solitude containing schools and single family homes.

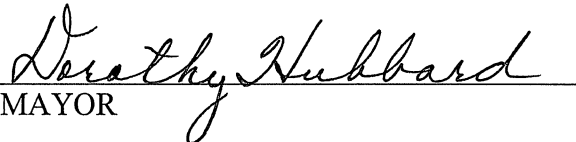

SECTION 6. Sabal has failed to present any evidence that it has studied the complex ecosystem in the area of the proposed pipeline, which includes the only major river in the area, the Flint River. For another thing, it is clear Sabal has failed to take into consideration that the City's Airport is in close proximity to the proposed site of the compressor station.

SECTION 7. The City of Albany respectfully requests that this Project at least be put on hold until it has been demonstrated that the concerns of Albany-Dougherty County citizens have been fully evaluated; that the Federal Energy Regulatory Commission re Docket # PF-14-1 Sabal Trail Transmission LLC and Georgia Environmental Protection Division [Sabal Trail Transmission, LLC – Application # 22637] withhold regulatory approval of the Project; that at a bare minimum any approval be conditioned upon the compressor station being electrically powered as opposed to powered by natural gas.

SECTION 8. The Resolution passed yesterday by the Board of Commissioners of Dougherty County, a copy of which is attached hereto and incorporated herein by reference, describes many concerns with this Project. The Resolution describes in detail the burdens that this Project will impose on citizens of Albany/Dougherty County and the Mayor and Board of Commissioners of the City of Albany wholeheartedly endorse the Resolution.

SECTION 9. Let the City Clerk furnish certified copies of this Resolution to Federal Energy Regulatory Commission and Georgia Environmental Protection Division.

SECTION 10. All resolutions, or parts of resolutions, in conflict herewith are repealed.

MAYOR

ATTEST:

CITY CLERK

Adopted: October 28, 2014

Introduced By Commissioner: Jon Howard
Date(s) read: Oct 28, 2014

I do hereby certify that this
is a true and correct copy.
